

# Super Squares

Per Square

\$20

Pay Outs

1st Qtr

Half

3rd Qtr

Final

Decide \$ per square, then how much for pay outs. Place 1 team in the top rectangle, the 2nd in the left rectangle. Everyone signs their name or nickname in the 100 squares. Only after all of the 100 squares are full, then randomly draw numbers 0 thru 9 and fill in the top row one square at a time. Repeat for the 1st column. After each quarter, take the last digit in the teams score to find out the winner.
